

LABOR WARRANTY TERMS

Georgia LED LLC labor warranty extends to the customer for 1 year from date of initial installation completion as stated on the final invoice.

Warranty coverage includes all labor and product expenses accrued to perform warranty service claim and guaranteed operation of purchased LED lighting up to 1 year from the installation completion date.

Labor warranty does NOT include replacement due to damage by facility equipment or employees, natural disasters including lightning strikes, floods, tornadoes, hurricanes, fire, negligent use, or unauthorized tampering of lighting system or electrical circuit causing premature failures. Warranty also does not include replacement of any failed components within the lighting system outside of the installed LED light fixture (circuit breakers, wiring, etc).

Georgia LED LLC will cover a one time equipment rental cost required to access lighting on a case by case basis. Rental costs exceeding \$350 may be charged to the customer as a service fee to be paid immediately upon completion of the warranty service call. If multiple warranty service claims (visits) are made, equipment rental costs will be paid solely by the customer upon warranty service completion.

Georgia LED LLC 1 year labor warranty does not transfer or renew, and cannot be extended.

LED Lighting provided by Georgia LED LLC carries a 5 year manufacturer's warranty from date of purchase and includes shipping.
